The Honorable Gus Bilirakis
Chairman, Subcommittee on Commerce, Manufacturing, and Trade
Committee on Energy and Commerce
U.S. House of Representatives

The Honorable Jan Schakowsky
Ranking Member, Subcommittee on Commerce, Manufacturing, and Trade
Committee on Energy and Commerce
U.S. House of Representatives

Dear Chairman Bilirakis and Ranking Member Schakowsky:

The PACK Act Coalition thanks you for holding the Subcommittee on Commerce, Manufacturing, and Trade's upcoming consumer protection hearing, which will include consideration of the Packaging and Claims Knowledge (PACK) Act, H.R. 6832. This important legislation seeks to address inconsistencies in state laws governing recyclable, compostable, and reusable claims on consumer packaging.

We strongly support the PACK Act because it creates a federal framework under the Federal Trade Commission for making recyclable, compostable, and reusable claims on consumer packaging. We appreciate that this uniform structure will replace the confusing patchwork of state regulations, helping businesses provide accurate and transparent information across state lines. By reducing consumer

confusion and enabling informed choices, we believe the PACK Act will promote proper management of packaging materials at end-of-life, diverting them from landfills and advancing a circular economy.

We greatly appreciate the Subcommittee's attention to this issue and urge you to advance this critical legislation. We stand ready to support your efforts to enact the PACK Act.

Sincerely,
